Manatt is known for quality; extraordinary commitment to clients; integrated, relationship-based services; and for a range of capabilities typically found only in boutique firms. We are progressive and entrepreneurial, and we are deeply committed to diversity, public service and involvement in the communities we serve.

Associate Development

Our associates are given the opportunity to take on substantive work directly with clients as rapidly as they demonstrate a capacity to assume such responsibility. Our matters are leanly staffed, providing associates with a challenging level of responsibility early in their careers. Our multidimensional approach has kept us at the forefront of innovation across our core industries, allowing our associates to do cutting-edge and ground-breaking work.

Diversity: Together. Changing the Way.

At Manatt, we believe that a diverse, equitable and inclusive environment is foundational to who we are and how we serve our clients. Through collaboration, commitment and dedication to community, we seek excellence in all that we do. This includes the ongoing work needed to combat bias and racism, and promote diversity and inclusion. We know that cultivating and sustaining a diverse and inclusive workplace requires ongoing effort, constant attention and real investment.

Our efforts to create a more inclusive culture have earned us recognition from well-known organizations, including:

What Former Summer Associates Say

“ One of my favorite things about this firm is the openness and diversity of people.”

“ Every time I talk with my law school colleagues, none of their assignments seem to compare to the depth or diversity of the assignments I received at Manatt.”
